Consultant. Network, Data Security
and data Protection .*

Vernier's Consulting can bring our top-rated training right to your facility on your schedule. We have brief, basic training programs for front-line staff, as well as more comprehensive programs for managers, directors, and decision-makers. And all our onsite HIPAA training programs are delivered by HIPAA experts - people who know how to communicate HIPAA's details and requirements in language your staff will understand and relate to.

The HIPAA training you select for your people will largely determine your HIPAA success, and your level of ongoing HIPAA compliance. HIPAA training from Vernier's Consulting is the highest quality available.

Vernier's Consulting Offers:

- Onsite training at your facilities
- at your convenience
- Day or night weekday or weekend
- we accommodate your schedule.
- You provide the room
- we deliver complete and effective HIPAA training.

Complete reference and training materials are always included. Our unique approach to HIPAA compliance unfolds smoothly within your practice, quietly transforming your non-compliant medical facility into a compliant one

HIPAA presents significant challenges ... and vast opportunities. We help you achieve compliance step by step, from defining your HIPAA readiness through implementation of the processes and technical architecture that will not only make you compliant but also position you to reap the benefits afforded by implementation of HIPAA regulations. You will realize significant savings through the adoption of Internet-based technologies to transmit the new standardized transactions via Electronic Data Interchange. Benefits include:

- Faster benefits verification
- More accurate claims processing
- Accelerated cash flow
- Improved patient care
- Improved access to patient data and true inter connectivity among hospitals, clinics, and physician offices

We lead your organization to HIPAA compliance step by

- Step 1: Survey**
- Step 2: Education**
- Step 3: Assessment and GAP Analysis**
- Step 4: Network Compliance Assessment**
- Step 5: Implementation and Budget Planning**
- Step 6: Oversight**
- Step 7: Interim Staffing**

HIPAA:
Privacy, Security, and Electronic Transactions Standards

20% of all audits lead to enforcement action
